ITALIANO
step 1. Estrarre il basamento dal suo imballo e posizionarlo delicatamente a terra.
step 2. Estrarre lo specchio dalla sua cassa e infilare i due perni fissati alla cornice all'interno dei montanti verticali del basamento.
step 3. Fissare i perni infilati all'interno dei montanti, utilizzando le apposite viti.

ENGLISH
step 1. Remove the base from its packaging and place it gently on the ground.
step 2. Remove the mirror from its box and insert the two pins attached to the frame into the vertical uprights of the base.
step 3. Secure the pins inserted into the uprights using the appropriate screws.

FRANÇAIS
step 1. Retirez le socle de son emballage et posez-le délicatement au sol.
step 2. Retirez le miroir de son emballage et insérez les deux goupilles fixées au cadre à l'intérieur des montants verticaux du socle.
step 3. Fixez les goupilles insérées à l'intérieur des montants à l'aide des vis prévues à cet effet.

ESPAÑOL
step 1. Sacar la base de su embalaje y colóquela con cuidado en el suelo.
step 2. Sacar el espejo de su caja e inserte los dos pasadores fijados al marco dentro de los montantes verticales de la base.
step 3. Fijar los pasadores insertados dentro de los montantes utilizando los tornillos correspondientes.

DEUTSCH
step 1. Nehmen Sie den Sockel aus der Verpackung und stellen Sie ihn vorsichtig auf den Boden.
step 2. Nehmen Sie den Spiegel aus seiner Verpackung und stecken Sie die beiden am Rahmen befestigten Stifte in die vertikalen Stützen des Sockels.
step 3. Befestigen Sie die in die Stützen gesteckten Stifte mit den dafür vorgesehenen Schrauben.

ATTENZIONE
Per gli spostamenti lo specchio deve essere sollevato afferrandolo dai montanti, non dal pannello girevole.

ATTENTION
When moving the mirror, it must be lifted by the uprights, not by the rotating panel.

ATTENTION
Pour le déplacer, le miroir doit être soulevé en le saisissant par les montants, et non par le panneau pivotant.

ATENCIÓN
Para mover el espejo, debe levantarlo agarrándolo por los montantes, no por el panel giratorio.

ACHTUNG
Zum Transportieren muss der Spiegel an den Pfosten angehoben werden, nicht an der drehbaren Platte.
